

MAPICON 2023

The MAPICON 2023 conference in Mangalore was a comprehensive event that delved into various aspects of medical practice and research. The inclusion of multiple orations, workshops, and case discussions provided a rich platform for learning and knowledge exchange.

Inaugurated by Dr. B.H. Krishnamoorthy Rao and Dr. Ramesh Pai, the conference commenced with a ceremonious opening ceremony, attended by prominent guests and esteemed delegates from several medical institutions. The conference had a total of 200 registered attendees and 25 faculty members, making it a successful gathering of medical professionals.

The Dr.K.P. Ganesan Memorial Oration on "Preoperative Cardiac Evaluation for Non-Cardiac Surgery" by Dr.R.L.Kamath and the Dr.V.V.Mody Memorial Oration presented by Dr.Venkatesh B.M. served as thought-provoking sessions, shedding light on critical medical topics. Additionally, the lecture on "Optimizing Stroke Prevention in AF Management: Translating Evidence into Clinical

Practice" by Dr. Maneesh Rai provided valuable insights for practical application in the field.

The case discussions added another layer of depth to the conference, addressing neurological, gastroenterological, haematological, pulmonary, and rheumatological issues. The involvement of experts from renowned medical institutions enriched the discussions and offered diverse perspectives on managing complex cases.

The experts discussed various cases, including a neurology case by Dr. Alaka Ganesh from GKNM Hospital in Coimbatore, Dr. Balakrishna Valliot from Kannur Medical College, and Dr. Salma Suhana, an Associate Professor of Neurology at Yenepoya Medical College. Additionally, the group examined a gastro case with insights provided by Dr. Anita Basavaraj and Dr. Veena Pinto; a haematology case led by Dr. Rajesh Krishna, Professor of Haematology at YMC; a pulmonology case moderated by Dr. Rajesh, Professor of Pulmonology

at YMC; and finally a rheumatology case was discussed through the expertise of Dr.Prakruthi Subodh and Dr.Pratibha Pereira.

Furthermore, the presentation of 40 General Medicine papers and posters showcased the latest research and findings in the field. The recognition of the top papers and posters with cash prizes not only encouraged scholarly contributions but also highlighted the commitment to advancing medical knowledge.

The overwhelmingly positive feedback from attendees, emphasizing the practical relevance of the sessions, stands as a testament to the impactful nature of MAPICON 2023. The active engagement and participation of esteemed faculty members and medical professionals further elevated the quality of the conference, making it a valuable platform for learning and networking.

The MAPICON 2023 conference in Mangalore served as a pivotal event for the medical community, offering a comprehensive platform for knowledge exchange and learning. The inclusion of diverse orations, workshops, and case discussions facilitated a multifaceted

exploration of critical medical topics, enriching the experience for attendees.
